Our Vision

To become Papua New Guinea's leading locally owned structural engineering firm, delivering innovative, cost-effective, and code-compliant designs across urban, industrial, and coastal infrastructure sectors.

The Opportunity

Papua New Guinea's infrastructure and property development sectors are booming – but quality local engineering firms are limited. Most developers rely on expensive foreign consultants who lack terrain experience and local compliance expertise. GPT Engineers aims to fill this gap with local talent, global expertise, and modern tools.

Professional Services

- Residential & Commercial Structural Analysis & Design
- Government Infrastructure & Donor-Funded Projects
- Oil, Gas & Mining Structural Solutions
- Bridges, Jetties, Coastal and Marine Structures
- Earthquake & Wind Load Engineering (AS/NZS Codes)
- Equipped with modern Structural Engineering Software

Business Model

- Competitive fixed-fee and per-m² pricing
- Long-term retainer agreements with developers
- Partnerships with architects, contractors, and engineers
- Fee-based consulting and site inspection packages

Finance Sources

We currently have ongoing Design and Construction Supervision Services that continuously bring in finance for our operations:

Our Major expenditures are -

- Software & equipment (ETABS, AutoCAD, VectorWorks, BIM tools etc)
- Staff salaries (6-month runway)
- Office setup & operations
- Marketing & client outreach

Why Choose GPT Engineers?

- Homegrown firm solving local challenges
- High demand, average competition
- Scalable across PNG's fastest-growing cities
- Committed to developing local engineering capacity
